STAT

Reference is made to our conversation noting the fact [redacted] has made a number of statements and allegations concerning her late husband's case. In light of these statements there should be an appropriate inquiry as to the facts in the case. Please look this over and advise me of your course of action. I know that Dr. Tietjen has spent some time on this case but I am not sure he has had a chance to check out the statements made in this letter.
